

Generator Generator Generator

Durable Protective Frame

Large Fuel Tank With Fuel Gauge

Well-suited Folding Handles
High Quality Wheels

Magnetic Hydraulic Circuit Breaker

Powered By OHV Engine Less Noise
Longer Servicelife
High Fuel Consumption Efficiency

AC9022270TT

Technical Features

Frequency (HZ)	50HZ
Max .output(KW)	7.0KVA (389CC)
Rated output(KW)	6.4KVA
Alternator	CU
Rated AC Voltage(V)	110V&220V
DC output (V)	12V/8.3A
Phase	Single Phase
Voltage regulation	AVR
Starting System	Key Start
Noise Level(DB/7m)	97DB
Fuel Tank Capacity (L)	25L
Continuous Running Time (hr)	8.5Hr
EURO 5	
Engine Model	PT188F/13.0HP
Engine Type	Single Cylinder, Air-Cooled, 4- stroke OHV
Lubrication Oil Volume (L)	1.1L
Combustion System	T.C.I

AC Brooklyn
