

Marshalltown (M/TMPB14SSD)

# MPB14SSD Pre-Worn PermaShape® Finishing S/S Trowel

## DuraSoft® Handle 14 x 5in

The Marshalltown PermaShape® Finishing Trowel has a pre worn shape which eliminates line and ripple marks right from the start. High grade hardened and tempered spring steel blade with bevelled work edges which prevents surface aggregate popping and the correct blade shape which allows novice finishers to be able to produce a professional job. The curved DuraSoft® handle is held firmly by a nut and washer. The blade is made from stainless steel which is easier to clean. These trowels do not corrode and are therefore much longer lasting. Marshalltown MPB14SSD Pre Worn Plasterer's Trowel Size 350 x 125mm 14 x 5in

Pre-Worn	Blade Length (in)	Blade Width (in)	Handle Type
