

STANLEY® Hand Tools (STA074367)

ControlGrip™ Combination Pliers 200mm (8in)

Stanley ControlGrip® Combination Pliers are manufactured from drop forged steel with an induction hardened blade and tempered jaws. The black oxide finish resists corrosion and extends product life. Precision milled cutting edges and pivot provide smooth opening and closing of the jaws. The handles have been ergonomically designed with three zone bi material grips for optimum comfort and minimum risk of fatigue. 1 x Stanley Tools ControlGrip Combination Pliers 200mm (8in)

Size (mm)
200
