

STANLEY® Hand Tools (STA020331)

FatMax® Mini Flush Cut Pull Saw 125mm (5in) 23 TPI

This FatMax® pullsaw has a double sided blade for convenient cutting from the left or the right. A flexible blade enables the flush cutting of plugs and dowels as well as precise cutting such as dovetails, small joints and cut offs. The soft grip handle gives comfort and support during use. 23 teeth per inch cuts quickly and cleanly on the pull stroke. Blade Length 125mm 5in.
