

STANLEY® Hand Tools (STA015252)

FatMax® Reversible Flush Cut Saw 250mm (9.3/4in) 13 TPI

A spring loaded pin allows the blade to be reversed to cut from left or right position. The steel back prevents bending for strong, true, straight cuts. A wide blade enables precise cutting such as dovetails, small joints and cut offs. Reversible handle provides improved access in close quarters. The soft grip handle gives comfort and support during use. Blade Length 250mm 9 3/4in. Teeth 13 tpi.
