

STANLEY® Hand Tools (STA013127)

FatMax® Quick Adjustable Wrench 250mm (10in)

The Stanley FatMax Quick Adjustable Wrench has a black phosphate finish for maximum strength and durability. Its thin wide jaws offer greater accessibility when working in tight spaces. They also have a 15° offset angle to provide a firm grip and the best reach. Metric and imperial scales for fast and accurate settings. Fitted with bi-material grips for increased comfort and control. The handles also feature a hanging hole for securing the tool to a lanyard. 1 x Stanley FatMax Quick Adjustable Wrench 250mm 10in
