

Technical Data Sheet

Internal Adjustable Louvre Grille

Product

Use

- To cover the inner opening on the cavity sleeve and provide an aesthetically acceptable appearance, while maintaining a free air flow.

INSTALLATION

- Internal grilles should be positioned over the internal opening of the cavity sleeve and fixed to the wall using screws and wall plugs
- Never block or restrict the flow of air through these ventilators
- Do not use hit & miss grilles when ventilating a gas or heat producing appliance
- We recommend using our external cowls to help reduce draughts caused by wind blast

FEATURES & BENEFITS

- Adjustable background ventilators for rooms
- Aesthetically pleasing
- Integral Flyscreen with concealed fixings
- Louvre face and low profile vent
- UV stable
- Suitable for new build or Retro-fit
- Not suitable for boilers, stoves and fires.
